• "An Action RPG with Unique Online Play" As a classic Action RPG with deep immersive gameplay, Tarnished aims to bring back the enjoyment of playing an Action RPG by placing great emphasis on the system that allows you to feel the presence of others while also providing a satisfying gameplay experience. In addition to multiplayer combat, the game will also maintain an asynchronous online element that allows you to feel the presence of others. • A Stronger Sense of Freedom and Diversion Being developed in the author's free time as a hobby, Tarnished pursues a game world where you can enjoy the freedom of exploring a vast world and the diversions of battling in its heart. • Wander Between the Visible and the Invisible World All characters and in-game elements exist in a world called the Lands Between, where they can freely move. In this world, you can become a hero of the Tarnished world. • Through a Qualified Visual Style The game world and in-game elements are presented in a style that offers a captivating sense of the environment where this time of legends unfolds, and of course the characters' battle posture and movements are presented with the utmost care. ◆System Features: - Free Customization As an Action RPG, both the appearance and equipment of the characters can be freely customized. - Unique Online Battle With the system that allows you to feel the presence of others, you can get to know other players and even travel together to defeat an enemy. - Rich Battle Field The game features a large open world, with a variety of locations in which you can engage in battle. It also features areas that can be accessed through an extensive dungeon design to challenge players' skills. - Easy to Explore and Captivating World The vast world of Tarnished allows you to have a high sense of achievement when exploring it. It also features a variety of locations that can be accessed with ease, allowing you to travel to the heart of an expansive castle and the one where a legendary weapon is kept. ◆Release Date: The game will release on February 21, 2019 in Japan. 〖Game 1 - Character Customization〗 - "Select Gender" Choose from the male or female avatar. - "Select Skin Type" Select one of 9 types. - "Select Character Position" Select one of 16 positions. Elden Ring [Latest] 2022

"It's fun and constantly surprising to the end. The journey that the game tells is fairly long but it is worth the time spent. It's a fun MMOFPS where you can make your character however you want but it doesn't favor one way over the other." Game Four of Five Most Recent "Every part of the game is worth it's weight in gold and the game is fantastic. Each character has hundreds of combinations of abilities and modifications that make them unique." Game Three of Five Most Recent "I think its the most fun and enjoyable RPG I have played. It has a nice feature of being able to completely change your character's appearance to represent the character completely, which creates a custom fantasy anime RPG that just makes it feel amazing." Game Three of Five Most Recent "It is a wonderful MMORPG. It is full of variety and diversity, and I think it is what this type of game ought to be. It's hard not to recommend this game." Game Three of Five Most Recent "Every part of this game is worth your time. It is an MMOFPS that is so much more than just that. When creating my character, I tried making a hybrid of many other fantasy legends, but the game doesn't force you to use one or the other and allows you to create a character of your own, whether it be a pure magic user, an extremely strong melee fighter, or a combination of the two. No matter what type of play style you prefer, the game allows you to perform it." Game Three of Five Most Recent "... It's a nice change of pace from the questing you often see in a fantasy RPG. The fantasy world setting is interesting and well done, and the design of the characters is nice, each has a distinct personality. My only complaint is the need for microtransactions, while fun, detracts from the game's overall enjoyment, it is a unique game worth checking out at some point." Game Three of Five Most Recent "The game play is very smooth, very fast moving, and very fun. The style of game play may make you feel like you are playing World of Warcraft, but it has its own set of characters and features, so it's very different. It may be boring to some, but I found it to be a refreshing, refreshing change of pace. It's worth a look, and a try." Game Three of Five bff6bb2d33

DUE TO THE DYNAMIC NATURE OF THE CREATION PROCESS, SOME PARTS OF THE GAME MAY RESTRUCTURE AND CHANGE IN DIFFERENT PATCHES. The changes and new content that are gradually added to the game, like new zones and bosses, will be available through updates. • Companion System • Enjoy an Adventure with a Friend PvE mode is filled with events that your Character is able to participate in with a friend. When you complete events, you will receive useful items, experience points, and gold. Added Features - The Story of the First Elden Lord Arden and his group With his era reaching its twilight, the most influential and powerful Elden Lord - Arden - sat down at the table in the old hall of the First Elden Lord and considered the problems of the present and future. It was at that time that he made his decision. - Ashen The story of Ashen starts with the creation of the Zofjan Empire. It was the time when the twisted spirit of Ashen, who had already been enclosed within the Pyramid of Eternal Flames, was entangled in the chaos and destruction of the world. He awakened from his slumber with the anticipation of vengeance against the corrupted. - Ohn The story of Ohn starts with the Zofjan Empire, but it was a different Ohn. With the duality of the primal and the corrupt within himself, Ohn was influenced by the chaos and destruction of the world he lived in, becoming corrupted. - The First Prophecy of the Elden Ring is now available - New bosses 4 new boss monsters have been added - New events 10 new events have been added - New dungeons 5 new dungeons have been added - New weapons 10 new weapons have been added - New armors 10 new armors have been added - New spells 10 new spells have been added - New battle scenes New battles scenes have been added - New monsters 10 new monster characters have been added - New equipment 10 new equipment has been added - NEW EVENTS - Added the ability to make a team - New "Alliance Member" system - Added a new event: "Walk Together as Allies" - Added a new event: "Plea to Join Alliance" - Added new events: "Mystic Train" and �

What's new:

Saturday, March 2, 2015 Update 3.7.2 Released! A small update was released. ■ Challenge Booster: Character Advancement and Boost Exchanged Proper timing and careful play with the "Advancement" tab will reward you with the "Lunar" left hand which can help you boost in levels and gain other useful items. Lunar (Lv. Maximum +1) To be used through a Dual Linking system, it is in return for the left hand. While the boosting duration remains 3 times, the HP recovery rate will shorten to 30% each time and there is a chance for a Restore Damage effect. ■ Bonus Event: Zana's Coffee Shop Collect the daily rewards within the main quests, and you will be rewarded with the "Exquisite Cloth". Treasures of the Ancient Kingdom Costume 3: Father's Patience Costume 4: Old Man in the Cabinet Other rewards include rare cloth for use in the character creation screen and special events. ■ Challenge: Eye of the King To have fun, follow the instructions in the "Activate" box by clicking on any of the following videos and rewards will be given: "Eye of the King: March 2015" (Rewards) They always say, "Don't worry about anything as long as you don't look." Then this is the guy that looks at the scenery instead of focuses on the game, and look at this guy... he became a feral mode main hero. One of the reasons you should get this bundle is because it has two character portraits and linked downloads available on your DSiWare Balance. Each of the characters unlocks one of the following: 1. Beardemon (Female) 2. Dragonstalker (Male) There will also be a 3DS Theme that you can customize to your heart's content (download is included) and a special audio track. The deal can be activated via voucher code by inputting "fishwddvd," and it comes with a download code that will be sent out to you via email. Sunday, February 20, 2015 Yu-Gi-Oh! Dual Pack 2nd Anniversary Pack The ever popular Yu-Gi-Oh! sets are back for another limited run. The special Yu-Gi-Oh! Dual

How To Crack:

If you already have CMD & PowerShell already installed, then you can skip this step
Follow the instructions given in the Readme.txt file
Once the installation process has finished, close all your running programs, then run "Crack-Lancer.exe /pass SWDEPASS" in the folder where you saved the file
Once completed, copy "Crack-Lancer.exe.sfx" into your game directory. This is needed to update your "Crack-Lancer.exe.sfx" file to crack credit. Restart your game and enjoy

How to get in-game currency

In order to get in-game currency in "Elden Ring," you must first collect various items, most of which can be found in the world or obtained during the events. At certain points, you will have to sacrifice a fragment of your preserved power, as your character will earn "fragments" by killing monsters and completing quests in the world (the number of fragments increases if you use your powers outside of the world). Before reaching the newest point of the campaign, you will need to return to the past by taking a teleportation scroll that you find in Underground Shambles or purchase from a vendor, but even without purchasing them, you will be able to fight monsters and receive fragments. Although the total number of fragments that you have collected is finite, if you complete the main story, you can gradually obtain fragments that are needed to teleport to the future while pushing forward your own story.
