Age of Empires 2:- Age of Mythology (AoM) is a real time strategy game, that takes place in the Bronze Age of Greece. The game is set in Greece in around 1100 BC, in a world where the four Greek civilizations of Athens, Sparta, Thebes and Argos share control of a small Greek city-state (polis). After the early stages of Athens' rise to power, the Athenians had to face a war against Persia, first the Persian campaign of Artemisium, and then an invasion by the Persian navy. Athenian society was shaken by the conflict with Persia, when on the battlefield of Delion in Boeotia, the great general and statesman Themistokles' ability and his organization of the Theban army, who had retreated into the tunnel of the Acropolis, defeated the Persian forces, and contributed in the victory at the battle of Salamis. Age of Empires 2 The "Dark Ages" follow, with continuing war between Athens and Sparta. On the Peloponnesian Peninsula, new cities and states, such as Corinth, grew up, and the war between Athens and Sparta continues. In 546 BC, Athens had to fight for its survival against Philip V of Macedon. Athens sought to regain its foothold on the Greek mainland against the Achaemenid Empire and the Athenians allied with the Aetolians. In 511 BC, the Spartans laid siege to Athens to avenge the death of Aristides. The Persian Wars ensue, with the Persian land army under Cyrus the Younger and his son Artaxerxes I in 481 BC, being defeated by the allied Greek forces at the battle of Cunaxa (near modern Baghdad) in 490 BC. Around 450 BC, the Athenians and the Spartan alliance rise to power, although this was only temporary. In 431 BC, Athens fell, being sacked by Sparta, with a Spartan force led by Cleomenes. After this war, the war against Persia was then continued by Sparta. In 423 BC, however, Athens had to fight for its survival against Sparta. Another period of Persian dominance followed, with the rise of Persia in the west and the collapse of the Greek city states in the east. In 401 BC, Athens still in alliance with Sparta, made a daring and decisive raid against Syracuse, during which the Athenian naval forces
