Galaxy (Drum Sound Kit) WAV

Launch your next project with the Galaxy samples from Audiotent. Browse, browse and download all 230 samples and loops, or download only the sounds you want. All samples are in two formats: WAV and LOSSLESS. You can select all samples in the application or individually. In order to load the samples, click the "Load Sounds" button in the upper left corner of the application window. You can choose between two options. The first option is to download all samples. In order to download one of the samples, you need to click on it and then click on the "Download" button. It is also possible to download one sample at a time. To do this, click the "Select" button.
